

Biobee lectures 2013-2016

	<u>Year</u>	<u>Date</u>	<u>Lecture Title</u>	<u>Presentation category</u>	<u>Presenter</u>	<u>Organization</u>	<u>Occupation</u>
1	2016	6-May	Actions and results of the Mongolian bird taxonomy and rarities	Biodiversity research	D.Usukhjargal	Mongolian Bird Taxonomy and Rarities Committee	Committee member
2	2016	6-May	Biodiversity Habitat Modelling using the MAXENT approach	Tools and technology	D.Enkhbileg	Mammal Ecology Society	
3	2016	14-Mar	Estimating the carrying capacity of territorial species across large landscapes – a case study of corsac and red foxes in Ikh Nart Nature Reserve	Biodiversity research	James D. Murdoch	University of Vermont	Associate Professor of Wildlife Biology
4	2016	14-Mar	"The National Biodiversity Program (2015-2025): Implementation methodology and recommendations"	Biodiversity conservation	B.Chimeddorj	WWF Mongolia	Conservation director
5	2016	16-Feb	The value of traditional ecological knowledge in conservation	Community based conservation	Ms Jargal Jamsranjav		
6	2016	16-Feb	Wildlife conservation in the rangelands of Australia' s Northern Territory	Biodiversity conservation	Dr. Simon Ward	Wildlife Conservation Society MN	Projects Advisor
7	2016	8-Jan	"Is forest the main habitat for red deer? - Discussion of progress in the Hustai red deer habitat study"	Biodiversity conservation	Kh.Batbyamba	Hustai National Park	Data manager
8	2016	8-Jan	"Consequences for Mongolian gazelles of implementing the Khalkh Gol Free Trade Zone"	Policy	Kirk Olson	Wildlife Conservation Society	Science Advisor

9	2015	3-Dec	"The COP 21 Climate Negotiations and Mongolia's intended nationally designated contributions (INDC-s)"	Conventions	Ts. Battsetseg,	3rd National Communications under UNFCCC	Project Manager
10	2015	3-Dec	"Introduction to the digitization of Mongolian vegetation pictures (1976) and Range land pictures (2001)"	Tools and technology	D. Manidari,	Institute of Biology	MAS
11	2015	3-Nov	An introduction to the new Mongolian standard addressing wildlife movements across railroads and highways	Policy	Dr Lhagvasuren	Institute of General and Experimental Biology	
12	2015	3-Nov	Using Drones to Survey raptor nests case study in the Kherlen Toono Natural Reserve	Tools and technology	Tuguldur	The Nature Conservancy	Field Biologist,
13	2015	28-Sep	Core Biodiversity Monitoring in the South Gobi	Biodiversity	Dr. A. Otgonsuren	WCS	Extractive industry project coordinator/eco logist
14	2015	28-Sep	Zoonotic Diseases	Diseases	Dr. S. Ganzorig	JICA Mongolia	Consultant of JICA Mongolia
15	2015	28-Sep	Ramsar Convention and Mongolia	Conventions	Sr. Solongo	Ramsar Convention Secretariat	Asia Advisor
16	2015	4-May	Tibet: In the Footsteps of Col. Nikoloa Przhewalski. Landscape and Wildlife of the Tibetan Plateau	Wildlife	Dan Miller	USAID Mongolia	Senior Development Advisor
17	2015	4-May	Monitoring Study Results of Stipa Grandis Community in Dry Steppe	Plant research	O. Khongorzul	Institute of General and Experimental Biology, MAS	

18	2015	1-Apr	Successes in Genetic Engineering	Genetics	Enkhchimeg Vanjildorj (PhD)	Mongolian University of Life Sciences	Head of Department of Biotechnology and Breeding
19	2015	1-Apr	Delivering Environmental Education for Children and Public	Environmental education	Sunjidmaa Renchin	National University of Mongolia	Senior Specialist of Ecological Education Center
20	2015	3-Mar	Reindeer Health & Infectious Disease Surveillance	Diseases	Dr. Sophia Papageogiou	Global Health Institute	Postdoctoral Fellow
21	2015	3-Mar	Hydroponic System in Mongolia	Tools and technology	Nasanjargal T.	School of Agroecology, Mongolian State University of Agriculture	Department of Agronomy and Plant Protection
22	2015	3-Feb	Legal Environment of Biosafety in Mongolia	Safety	S. Bayarkhuu	The National Biosafety Committee	General Secretary
23	2015	3-Feb	Activities and Outputs of SPAN (Strengthening of the Protected Area Network in Mongolia)	Protected areas	P. Suvd	SPAN Project	Senior Expert
24	2015	13-Jan	Recent Changes in NDVI and Plant Phenology by Land Cover Types in North East Asia and Linkage to Climate Change	Plant research	Dr. Bayarsaikhan	School of Science, National University of Mongolia	Department of Biology
25	2014	2-Dec	Conservation at Ikh Nart Nature Reserve	Protected areas	Dr. Richard Reading	Denver Zoo	Conservation Director
26	2014	2-Dec	Law and Policy Relating to Tourism of Special Interest	Policy		Ministry of Culture, Sport, and Tourism	

27	2014	4-Nov	Eco-School Programs in Mongolia	Environmental education	L. Shinetsetseg	Mongolian Environmental Consortium	Project Coordinator
28	2014	4-Nov	Snow Leopard Conservation in the Mongolian Countryside	Biodiversity conservation	M. Tserennadmid	Mongolia's Snow Leopard Trust	Conservation Education Manager
29	2014	14-Oct	Biodiversity Conservation in Mongolia	Biodiversity conservation	Dr. S. Gombobaatar	National University of Mongolia, Steppe Forward Program	Program Manager
30	2014	14-Oct	An Aerial Survey of Wildlife in the Southern Gobi	Biodiversity research	John Paybe	Wildlife Conservation Society	Science Advisor
31	2014	13-May	Study of Ants in Mongolia	Wildlife research	U. Aibek	School of Biology and Biotechnology, National University of Mongolia	Department of Ecology
32	2014	13-May	Biobeer - Past, Present, and Future		Dr. S. Gombobaatar	National University of Mongolia, Steppe Forward Program	Program Manager
33	2014	8-Apr	An Introduction to the Biodiversity Mongolica National Photography Prize	Biodiversity	B. Odkhuu	Chinggis Khan International Airport	Ornithologist
34	2014	8-Apr	Findings of the Camera Trap Study on Gobi Bear	Wildlife research	Dr. R. Samiya	National University of Mongolia	Professor
35	2014	11-Mar	The Current Desertification Trends in Mongolia	Environmental issues		Institute of Geo-Ecology, Mongolian Academy of Sciences	

36	2014	11-Feb	The Wildlife Re-Introduction Regulation Proposal	Policy	Onon Yondon	Environmental and Natural Resource Departmentns at the Ministry of Environment and Green Development	Officer
37	2014	11-Feb	Bird of Prey Mortality Trends on 15 kW Electricity Lines	Biodiversity conservation	Batmunkh Davaasuren	Wildlife Science and Conservation Center of Mongolia	
38	2014	6-Jan	A Review of the Early Warning System for Livestock (LEWS) in Mongolia Between 2004 and 2013	Tools and technology	Dr. Urgamal Magsar	Institute of Botany, Mongolian Academy of Sciences	
39	2014	6-Jan	Biomonitoring in the Kharaa Catchment: Results and IWRM Measures towards a Science-based River Basin Management Plan	Biodiversity research	Dr. Saulyegeel Avlyush	Institute of Geo-Ecology, Mongolian Academy of Sciences and BMBF-project	
40	2013	5-Dec	Key Elements for Success and Weakness of Community-based Conservation Projects in Mongolia	Community based conservation	Jargal J.	Zoological Society of London, Steppe Forward	
41	2013	5-Dec	Modeling Animal Habitat Change Under Climate Change in the Ulz & Kharkiraa-Turgen River Basins	Biodiversity research	Enkhbileg D.	Institute of Biology, Mongolia
